Dear Mr. Weisberg,

First, I would like to thank you for writing and for the compliment. Second, I would like to purchase "Photographic whitewash". I will purchase "Oswald in New Orleans" later. The mailorder is enclosed.

In my first letter I stated I agreed with Jim Garrison and Mark Lane. What I meant was I agreed with these men compared to the Warren Report. I should have worded it better and I agree with the Warren Report as a dignified fiction. I have not come to a conclusion about who did kill Kennedy or why but I will continue to listen and read. Some of the other books I have read besides "Six Seconds in Dallas" and "The Warren Report" are

"Rush to Judgment," "The Invisible Government," "A Thousand Days," "Cuba," and "The Day Kennedy Was Shot." The periodicals I have read are "a Legacy of Suspicion" in Esquire (Nov. 1973), "Cuba On My Mind" in Esquire (Feb. 1974) and the many ways Watergate happened in Esquire (Nov. 1973). I also have read many Time and Life magazines. I also wish you good luck in the Court of Appeals. I have also talked to people who have Master Degrees in physics, chemistry and history, lawyers, doctors, policemen, an ex-intelligent officer and my grandfather who knew Mr. J. A. Milteer personally. The reason for telling you all this is to show that maybe I have a chance to become an investigator after high school, college, and possibly the Navy. Again I would like to thank for all your help and compliment.

Thank You,
Ed Johnson Jr.
